- Extensive Experience in implementation of Selenium's Page Object Model Automation to achieve high reusability and modularity in Automation Scripts.
- Worked on Product Requirement Analysis and reviews. Creation, execution and reviews of Test Automation Strategies, plans & Scenarios.
- Worked extensively in Agile methodology and SDLC experience across multiple types of testing – Functional, Regression, Browser compatibility testing.
- Experience in creating Page Object Model based automation framework using selenium and TestNG.

Extensive Experience in Planning, Designing, Creation and maintenance of Automation Frameworks using TestNG, Customized Framework with various type of user friendly reporting including Extent Report with snapshot, TestNG Reporting with Snapshot.

## Professional Expertise

- Build and maintain automation scripts independently by leveraging deep understanding of automaton concepts, various testing tools and scripting approaches.

Knowledge of various frameworks like Keyword & Hybrid Framework.

Implement and introduce new features to the existing automation framework available in the project.

- Experience on developing and maintaining automation frameworks.
- Execute Testing, log defects and report the progress to Test Lead/ Manager.
- More than years of experience in selenium automation tools.
- Hands on experience in developing frameworks using TestNG, Maven,

## Skills:

Testing Tools:	Selenium WebDriver, Core Java, TestNG
Programming Languages:	Java
Automation Frameworks:	Hybrid Framework, Page Object Model (POM), Data Driven Testing
Version Control:	Git, Git Hub
Defect Tracking:	JIRA
API Testing:	JSON, XML, API Testing using Postman
Testing Methodologies:	Agile, Scrum
Database:	SQL, MySQL
Operating Systems:	Windows, Linux
Test Report:	Extents Report, TestNG Report
IDE:	Eclipse
Operating System:	Windows 7,10,11

## MAJOR ASSIGNMENTS

### Project : Bob Shop

#### Project Description:

Bidorbuy follows the eBay business model. It is an online auction site and marketplace where users, buyers and sellers, transact with each other. Anyone over the age of 18 can transact on the site, providing they respect the site's terms and conditions.

The aim of the consumer-to-consumer auction sites and marketplaces like Bidorbuy is to supply a trading model that enables small retailers, or even hobby sellers, to be seen by a larger audience of potential customers, who may be geographically distant. For buyers, such sites supply a place to go to buy commodities at discounted prices, second-hand items or difficult to find collectibles.

## EDUCATION/TRAINING/CERTIFICATION

- Graduation in Allahabad State University, Prayagraj UP, in 2020.
- High School from UP board in 2015.
- Intermediate from UP board in 2017.
